##### Brochure Text

###### **Resources → Planning → Synergy → Results → Success**

That's a pretty progression, a logical step-by-step approach to success. Everyone who has anything to do with business can recognize the principle. Most can tell you what to do. But how is one to do what is to be done?

###### **Accumulating Expertise, Applying new Learning**

It's easier said than done. Yes, and Sadhbav Engineering understands the importance of learning and applying the right method. Our approach has combined the expert's maturity and the student's enthusiasm in order to ensure that we continuously learn and apply our knowledge to get the results that guarantee success for our customers.

Industry acclaim that the company has received mirrors its commitment to excellence in quality.

- **ISO-9001-2000 Certification**
- **Certificate of Excellence in Productivity, Quality, Innovation & Management by the Institute of Economic Studies, New Delhi**

###### **Sadhbav Focus – Clear, Intense, Resolute**

The company's focus-areas are crystal clear: Construction of Roads and Highways, Irrigation and Mining Operations. And, the way the company has propelled itself is illustrated by the projects it has handled since its birth in 1988.

**(Show Table pertaining to a representative list of Projects, completed and current, with details of challenges and costs, etc.)**

As a quick glance would reveal, these projects demonstrate two critical factors:

- **The company's considerable capability in project planning and implementation, and**
- **Its ability to handle projects involving extremely high technical and financial responsibilities**

In about two decades, Sadhbav has carried out 30 prestigious projects, each an outstanding example of the company's competence and commitment. Its contract receipts, reading Rs.29133.11 lakhs as on March 31 2006, narrate a shining chapter in its success story.
